CollegeCredit PLUS

Information Session

2024 – 2025

What is College Credit Plus?

College Credit Plus is Ohio's dual enrollment program where students earn both high school and college credit at the same time

- Students may apply to any public or participating private college
- Students may apply and take courses at multiple colleges

Who's Eligible?

- Students in grades 7-12
- Ohio residents
- Students who meet academic eligibility standards *(determined by the State)*
- Students who meet the admissions requirements for the college/university *(may be different for each college)*
- Students who are "College Ready"

CollegeCredit PLUS

What does it mean to be "College-Ready"?

More than just academically ready

- Emotional and social transition
- Meeting college expectations
- Time management and organizational skills
- Some college classes have content that is oriented toward a mature or adult student. College instructors will not modify the course content for CCP students.
  - Ohio requires new CCP students & parents to complete a Mature Content Permission Slip

CollegeCredit PLUS

How is College Different from High School?

	High School	College
Tests	Weekly or end of chapter	Fewer in number, but cover more material
Study Time	1 to 3 hours per day	2-3 hours per credit hours
Graded Work	Numerous quizzes, tests, and homework	Fewer tests & assignments, but worth more points
Learning	Information provided mostly in-class. Out-of-class research is minimal	More independent thinking, longer writing assignments, & out-of-class research
Responsibility	Daily verbal reminders in class	Email reminders, checking courses online daily
Attendance & Class Participation	Required, parents are notified if a student is absent	Attendance policy is determined by instructor, but no one is notified if a student is absent
Role of Parents	Parents are involved, working closely with teachers and counselors	The college views the student as an independent decisionmaker

CollegeCredit PLUS

FERPA

- The “Family Education Rights and Privacy Act” (FERPA)
  - Protects student education records
    - Parents do not have access to student’s academic records
    - Colleges reserve the right to communicate student record information with appropriate high school officials who have an “educational need to know”
    - “Permission to Release Information Form” – students written consent to share information with a third party
      - *This will give parents a limited access to their student’s records*

CollegeCredit PLUS

Benefits of CCP

- Students can:
  - Earn high school & college credits at the same time
  - Get a “head start” on career plans
  - Start & potentially complete a degree or certificate program
  - Understand the expectations of college life
  - Some college courses are not offered at the high school
  - Save tuition & textbook costs

CollegeCredit PLUS

Intent to Participate Form

- Students must complete the Intent to Participate form and submit it to their high school by April 1, 2024
- This is the only way CCP students can receive state funding
- Not a binding contract & students can decide not to participate even if they sign it.
- This form is separate than the college application
- Some expenses are not covered (Ex: parking, transportation, calculators, optional materials, etc.)
- On the Intent to Participate form, students indicate a tentative plan to use Option A or Option B for payment of the College Credit Plus courses

Option A	Option B
▪ The family/student will "self pay" for college course at the standard rate of tuition, fees, and textbooks ▪ Students can choose to earn college credit and high school credit OR only college credit (students must inform the high school of their choice of credit for courses)	▪ "Default" or standard option for CCP ▪ All college course tuition, fees, and textbooks will be paid for by the state of Ohio (supported by the school's foundation funds and the college's funds) ▪ Students will earn college credit and high school credit ▪ Private colleges may charge students a small fee per credit hour

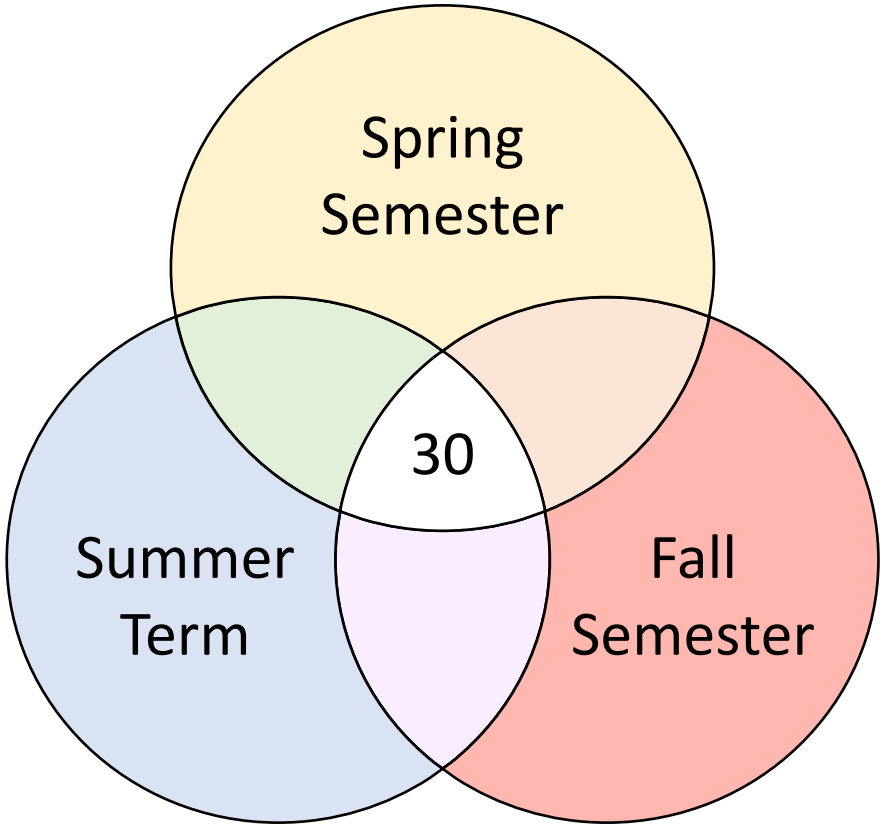

CollegeCredit PLUS

How Many Credits Can Students Take?

- Up to 30 credits per academic year, includes high school classes:
  - Calculation: 30 – (____ high school units x 3) = ___ (max CCP credits)
  - Example: 30 – (**3** high school units x 3) = **21** CCP credits
- If a student enrolls in more than 30 credits, they can either:
  - Drop the course (during the 100% refund period) or
  - Pay for the entire course (including tuition, fees, books) at the college's standard rates
- Lifetime maximum credits per student is 120

CollegeCredit PLUS

When Can Students Take Classes?

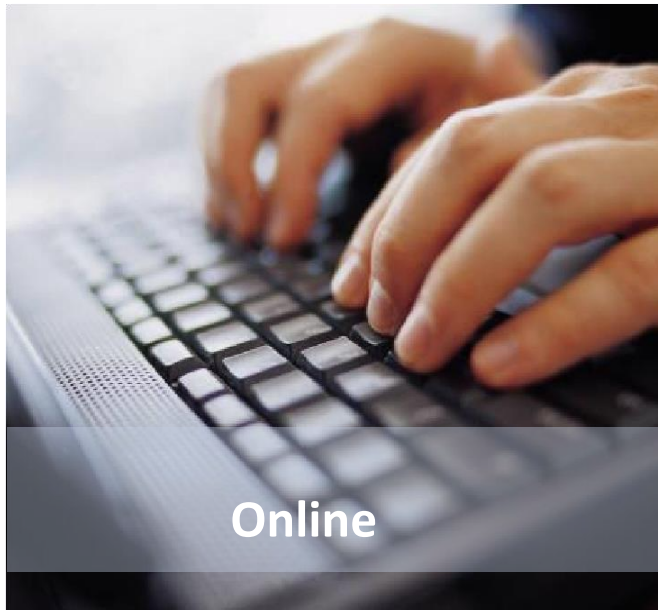

- Summer is the lead academic term
- Student athletes should know - summer term CCP courses cannot count for athletic eligibility for that academic year

Grades & GPA

- CCP grades earned in college courses are the same grades that will appear on the high school transcript
- Grades will be factored into the high school and college GPA
- If a student fails or withdraws from the course, the college transcript and high school transcript will reflect the student's final grade.
- If a high school uses a weighted grading scale for Advanced Placement or Honors courses in a subject area, CCP courses in the same subject area will be weighted using the same scale
- Students must successfully complete the courses in order to earn the credit
  - If students do not earn a passing grade or withdraw too late from college courses, the high school may require students/families* to reimburse the tuition that the district paid
  - CCP grades/courses stay on the student's college transcript permanently

**If a student is considered "economically disadvantaged", a school may not seek reimbursement*

CollegeCredit PLUS

CCP Probation & Dismissal

Probation	Dismissal
▪ A student will be placed on CCP Probation if they earn less than a cumulative 2.0 GPA in CCP courses or withdraws from 2 or more courses in one academic term ▪ When on CCP Probation, the student may only enroll in one CCP course for one college semester and may not enroll in a college course in the same subject in which they previously earned a D, F, or W grade ▪ Appeals*: students may submit an appeal to retake a course	▪ If a student on CCP Probation does not increase their CCP GPA to a 2.0 or above during the probation semester, they will be placed on CCP Dismissal ▪ While on CCP Dismissal, students may not enroll in any CCP courses ▪ Appeals*: students may submit an appeal within 5 days of being dismissed, or wait until the end of the CCP Dismissal semester
